

UNITED STATES INTELLIGENCE BOARD
SECURITY COMMITTEE

SECOM-D-126
26 November 1975

Mr. William L. Brown
Executive Director
Interagency Classification Review
Committee
National Archives Building
8th and Pennsylvania Avenues, N.W.
Washington, D. C. 20408

Dear Mr. Brown:

Attached is a draft copy of the "Interim Intelligence Community Guidelines for Declassification or Extended Classification of Information Concerning Intelligence Sources and Methods." These guidelines have been slightly modified by CIA, ERDA and NSA since you received our draft on 30 September 1975.

This current draft has been approved by the Security Committee and I would appreciate your concurrence prior to submitting this paper to the United States Intelligence Board. As you know, these guidelines have been under consideration for an extended period of time and will be very useful to the Archivist of the United States when they are finally adopted by the community.

As you have probably heard, [redacted] resigned from the Committee and I have recently succeeded him as the new Chairman. I will be looking forward to meeting you, and in the meantime would appreciate an early concurrence on these proposed guidelines.

25X1

Sincerely,

[redacted]

25X1

Chairman
